About the trip

This is an off-road motorcycle workshop of a medium difficulty, but the program can be adapted to more advanced groups. The idea for this event was to combine technique training and guided trail rides. The off-road training led by 11 time Dakar Rally participant Simon Marčič will include more advanced riding elements specified below. The trail ride will be guided by Simon through diverse terrain, so the participants can apply new skills in practice, while enjoying breathtaking views of beautiful Croatia.

Program

- DAY 1: Meeting in Maribor, short briefing, ride to Rab Island with lunch on the way (tarmac 70%, off-road 30% or 100% tarmac, 320km)
- DAY 2: training 9-12:30, lunch, training and trail ride 14-17:30 (tarmac 20%, off-road 80%), Dakar presentation
- DAY 3: training 9-12:30, lunch, ride back to Maribor (tarmac 70%, off-road 30% or 100% tarmac, 320km)

Dakar presentation: the road to Dakar, interesting facts from the 11th edition of the rally, what the start in the Original by Motul category looks like, how Dakar riders deal with technical problems on the route, how to start in rallies, Q&A

RIDING TECHNIQUE TRAINING:

Some important tips on safety and training.

Correct standing and sitting position while driving, accelerating and engine braking.

Body balance and dynamic position changes.

Clutch, brake and gas control.

Emergency braking in the field using the rear and front brake.

Advanced driving technique in sand and loose stones.

Riding in a corner with rear wheel slippage (for advanced participants).

Climbs and descents, including avoiding obstacles (for advanced participants).

Working with the suspension and overcoming obstacles (for advanced participants).

Learning and improving the jumping technique (for advanced participants).

Riding conditions

The way from Maribor to Adriatic Coast will be a mix of tarmac and terrain, adjusted to the skill level of the group. On the Rab island, we have an ideal training location, with a large, open space and a grassy area where participants can improve their riding technique in safe conditions. If there is interest, there will also be a chance of learning the technique of riding in the sand.

Attractions

During every touring adventure we encourage our participants to discover local cuisine and attractions the visited place has to offer.

In Rab you will have a chance to enjoy the unique Adriatic vibe. We will stay not far from the beach and a beautiful old town of Rab, where you can try local specialities in charming restaurants. We we also have a special dinner with local sea food barbecue.
